

ΑΚΑΔΗΜΙΑ

ΑΘΗΝΩΝ

INVITATION

The Natural Disaster Research Center of the Academy of Athens is organizing a symposium on:

"Dialogues on Santorini".

The event will focus on recent seismological, geological and geodetic observations, as well as on volcano-tectonic effects in the Santorini-Anidros-Amorgos area.

Speakers:

- **Pierre Briole**, Ecole normale supérieure
- **Emillie Hoeft**, University of Oregon (online)
- **Stephanie Prejean**, United States Geological Survey (online)
- **Dave Pyle**, University of Oxford (online)
- **Margarita Segou**, British Geological Survey
- **Thanasis Ganas**, National Observatory of Athens
- **Evi Nomikou**, National and Kapodistrian University of Athens

The discussion will be moderated by Academician **Kostas Synolakis**.

The event will conclude with a welcome address by the Secretary General of the Academy of Athens **Christos Zerefos**.

Date of the event: 31 March 2025 at 7:00 p.m. **Location:** Eastern Hall of the Academy of Athens (28 Panepistimiou St., 10679, Athens).

The event will also be streamed live via the following link: <https://www.academyofathens.gr/el/news/20250331>

End of participation: 6:45 p.m. The language of the event will be English.
